LIVELY TIMES IN CITY OF CHICAGO

Chicago, June 10.—A majority of the members of the Republican National committee, after a lengthy conference, officially decided to refrain from any comment on the statement issued by Col. Theodore Roosevelt, in which the former president denounced the action of the committee in seating the two Taft delegates from the Ninth Alabama district.

Yesterday's impromptu meeting of National committee members was held at a downtown hotel and was attended exclusively by those committee members generally accepted as being favorable to Mr. Taft's candidacy for renomination.

Certain of the committeemen who attended the meeting expressed great indignation at the text of Col. Roosevelt's statement, which they declared was deserving of an emphatic reply. Others, however, counseled against a reply of any kind and urged their fellow-committee members to ignore the statement. This advice finally prevailed.

Scarcely any of the Taft members of the committee would discuss the meeting after it had been concluded. One, however, said:

"We are going to stand on our actions regardless of the remarks of persons who are prejudiced and unfair. The work speaks for itself, and that is all there is to it. There is but one way to handle unreasonable people and that is to ignore them."

Both Headquarters Busy.

Despite the fact that it was Sunday and that a number of the leaders were out of town, the campaign headquarters of both Taft and Roosevelt men were busy most of the day and late at night.

Francis J. Heney, who prosecuted the San Francisco graft cases, and former Gov. George C. Pardee, of California, who were among those arriving at the Roosevelt headquarters yesterday, conferred with United States Senator Dixon, of Montana, Col. Roosevelt's campaign manager, and other leaders.

After a meeting of the Roosevelt managers, it was announced unofficially that Col. Roosevelt would arrive in Chicago either the middle or latter part of the week, but they declined to name the exact day.

Thomas K. Niedringhouse, of St. Louis, newly elected National committeeman from Missouri and a prominent Roosevelt adherent, was among those who left Chicago yesterday for the East. It is said he has gone to Pittsburg, but the nature of his mission was not divulged.

Senator Dixon last night issued a statement in which he denied reports that the Roosevelt managers intended to withdraw pending contests.

Oldest Convict Seeks Release.

Hartford, Conn., June 10.—Among the half-hundred petitions laid before the Connecticut Board of Pardons for consideration and action today was an application for the pardon of John Warren, who is serving a life sentence in the state penitentiary at Weathersfield. Warren has the unenviable distinction of being the oldest convict in the United States in point of service. He had just attained his majority when he was received at the penitentiary to begin a life sentence for the murder of his young wife. Today he is an old man of 74, with a record of 33 years spent behind prison walls. The State Board of pardons is familiar with every detail of Warren's case. Seven times has the board considered a petition for the old man's release and seven times has the petition been turned down. Whether the eighth petition will meet the same fate will soon be known. Warren has been a model convict and it is safe to say that there is not an officer nor inmate of the state prison who would not be glad to learn of the old man's release to spend the last years of his life in freedom.

CHINESE ADOPT CON- STITUTION OF OKLAHOMA

Tulsa, June 10.—The Oklahoma Constitution has been adopted by the State of Szechow, China, according to a statement made here by Rev. John C. Magee, a Tulsa minister. Rev. Magee gives James W. Bashford, D. D., Methodist Episcopal bishop for China, now in this country, as authority for the story.

Shortly after the triumph of the Chinese revolution forces, Bishop Bashford was requested to loan the revolutionists a copy of some state constitutions in this country. An American merchant at Peking came to the front with a copy of Oklahoma's constitution and it was copied almost in its entirety by the State of Szechow, according to the story. The main exception being the insertion of the word "opium" instead of "intoxicating liquors" in the 21-year prohibition clause of the Oklahoma Constitution.

CADE DISPLEASED; WILL RELIEVE DENNIS FLYNN

Muskogee, Okla., June 10.—There is joy in the Cochran camp now, since Cash M. Cade, National committeeman of Shawnee, has decided to go to Chicago to relieve Dennis Flynn of the proxy he is holding as a result of the numerous protests received from Roosevelt supporters. Mr. Cade says he will "never shirk a duty," in his letter to W. S. Cochran, chairman of the third district committee, and that he believes the Roosevelt men of the state are unnecessarily alarmed.

As the son of Mr. Cade is convalescing from an attack of typhoid, it will be possible for the committeeman to reach Chicago by Tuesday. While Cade is personally for Taft, the Roosevelt men feel that he will be fair to them.

TAFT STEAMROLLER WORKS RAPIDLY

Chicago, June 10.—Forty-eight was the total number of delegates to the Republican convention turned into the Taft column Saturday by the National committee's decisions upon contests from Arkansas, Florida and Georgia.

The Roosevelt contestants lost every case, as they did Friday. Ten of the Georgia districts—20 delegates—went to Taft in one blanket decision, both sides agreeing to their being decided upon the same arguments as had served in the case of the four delegates at large which had just been given to Taft. The two remaining Georgia districts, with their two apiece soon went the same way.

With the 24 delegates, 16 from Alabama and eight from Arkansas, placed on the temporary roll of the convention as the result of Friday's hearings, Saturday's work runs up the total of 72 added to the Taft list since the National committee convened last Thursday afternoon.

GOOD CROP PROSPECTS AROUND BEBEE

Alonzo L. Kennedy reports crop prospects very good in the Bebee neighborhood. Corn is looking well where the soil has been stirred well since the rains, but some few fields of cotton are not yet up owing to having been planted shallow in the loose, dry soil. He visited the farm of R. L. Rollins, who is a firm believer in practical methods of farming, and too, in diversification. He produced 1075 bushels of sweet potatoes last season from 4 1/2 acres, realizing about \$1,100 from the sale, besides a good supply for home use. He says a farmer can't afford to depend on one crop alone, but should plant different crops and if some fall others will make, and thereby put an end to such strenuous times as we have at present. He likes the plan of intensive cultivation, as the Department of Agriculture is bringing to the southern farmers, and will cultivate 40 acres of cotton and 20 acres of corn according to instructions of course. This is only one case among many practical farmers in Pontotoc county that might be mentioned, and is only mentioned to encourage crop diversification.

Convention Special from Roff.

The Christian Bible School of Roff will attend the State convention of the Christian church at Ada on June 12th in a special car. The car will be set out at Roff on the evening of the 11th, and picked up by the regular train Wednesday morning, returning on the evening train, due here at 6 o'clock. The fare will be 50 cents and 25 cents for children.

We expect to take the Merchants' brass band along with us and everybody is expected to take a basketful of good things to eat. I would suggest that you put in a little for the visitors who will dine with us that day.

We will be more than pleased to have the members of other schools join us, but don't forget your baskets. We earnestly desire all the parents of the children to attend, but if you can not, rest assured that your children will be carefully looked after by a committee appointed for that purpose. We expect to have a royal good time and make it an excursion long to be remembered.

Come to Sunday school next Sunday and learn all about it.

A Word from Rev. S. B. Damron.

I asked for help in Friday's News for United Charities. No one responded, and as I looked in the faces of a little bunch of orphans Saturday morning, the mother over the wash-tub, and they said they would love to go to Sunday school in the morning, but did not have any clothes to wear, I could not help but wonder if our religion was not a sham.

When I look around and see so many churches, thousands of dollars spent for unnecessary things, great gatherings, conventions, conferences, resolutions, I wonder if we were not leaving out the more weighty matters. Pure religion is this—James 1:27: "Jesus said, as much as ye did it not unto these ye did it not unto me."—Matt 23:10 to 46.

Pictures Help Libraries.

Mr. George W. Fuller, librarian of the Public Library, Spokane, Wash., makes the statement that moving picture shows stimulate a desire for reading, finds expression in an increased patronage of public libraries of which he is in charge. There has been a marked increase for the demand for "Dante," said Mr. Fuller, "since the Inferno pictures have been produced in this country." Mr. Fuller further states that pictures do not keep children away from the libraries, but on the contrary since pictures became popular the demand for children's books has shown a remarkable increase.

ALL MILK SHOULD BE PASTEURIZED

The greatest discovery of medical science in any age was that of Pasteur, the famous French scientist, when he proved that most diseases are due to malignant germs. Then came the study of their nature and method of their destruction. It was discovered that milk is a prolific carrier of disease germs and that even the greatest scourge of all, tuberculosis, is often thus transmitted. To safeguard the health of the community and destroy the germs of disease which might possibly be lurking in the milk, the process of pasteurization has been perfected and after being subjected to it, one can be certain that the milk is absolutely free from any possibility of containing disease germs. The process is comparatively simple, being mainly heating and maintaining the milk at a high temperature until the germs are killed. They being eliminated, the milk will keep sweet hours longer than when not treated.

On this subject of pasteurization, the Milk Dealer, a publication issued at Milwaukee, Wisconsin, says:

"Pasteurization of milk for the city trade is rapidly gaining in favor

among health authorities. Two reasons may be given for the change in attitude toward pasteurization. First, is the realization that no positive assurance can be given that raw milk is free from pathogenic bacteria. secondly, the increased confidence of the public in the efficiency of the pasteurizing process, resulting from the gradual elimination of the continuous or flash process and the substitution of what is known as the discontinuous "retarder" or "holder" process, by which the milk is kept at a temperature of about 45 degrees F. for 30 minutes or longer."

In buying milk or ice cream, the citizens of Ada might do well to remember that McGuyre's Morning Star dairy and the Purdy Ice Cream Co. use only pasteurized milk.

OWEN ASSIGNED TO IMPORTANT POSITION

Senator Robert Robert L. Owen has been assigned by the chairman of the Democratic National Congressional Committee as a member of the Advisory Committee of that organization. This committee is considered the most important of the organization, and in addition to Senator Owen consists of Senators Stone, of Missouri, Culberson, of Texas, Martin of Virginia, Newlands, of Nevada, Bankhead, of Alabama, and Chamberlain, of Oregon.

ELECTION TOMORROW.

The final battle for city commissioners will be fought out tomorrow. The candidates have been busy and so have their friends, from which it may be reasonably expected that a fair sized vote will be cast. The result depends largely on whose friends are the most active in turning out to the polls.

The Republicans of Carter county have decided not to put out a county ticket. Those must be wise guys over there and unwilling to part with good money chasing a phantom like a county office. That is, a county office in a county like Carter or Pontotoc is a phantom so far as any Republican is concerned.

The Socialists, as a rule, have little use for preachers, but when one is kicked out of the pulpit by the church authorities, they are always ready to give him a job of preaching socialism at so much per. Of course, some few Socialists still profess belief in Christianity, but they are mighty scattering. It will be remembered that when the question was put to about 100 Socialists by Rev. Searcy in one of his Ada debates, only four of the crowd admitted that they were Christians. And yet they get mad when any one suggests that

THE RIGHT MAN IN THE RIGHT PLACE

Owing to the activity of Acting President Monnett, of the State University, and a few others of his calibre in supporting the Akin bill, the News has not been especially friendly to the institution which should be the crowning institution of learning and pride of every citizen. However, the new president, Dr. Stratton D. Brooks, has given evidence of being a broad and fair-minded mind who sees the situation in its true light, and from his declared attitude it is very plain that the university will never participate in the launching of another Akin bill while he is at its head. It is truly gratifying to Oklahoma that such a man has been secured for this position.

The Chickasha Express gives the following account of an address he recently made there:

"The university is a part of the public school system of the state, in the common schools are eight grades; in the high school, four more grades; and in the university the student is taken through the 13th, 14th, 15th and 16th grades," said Dr. Stratton D. Brooks, in his address at the Christian church last night before a small but appreciative audience.

Dr. Brooks had no set speech, but in a plain, practical talk he discussed in a very interesting and instructive manner the university and its relation to the other schools of the state.

Indicating his attitude on some of the recent educational questions that have been presented to the people of the state, Dr. Brooks said: "I want it understood that I came to Oklahoma without any sympathy for any movement seeking to reduce the educational opportunities of the state. In this great new state, you can point with just pride to your finely paved streets, your commercial enterprises and your growing industries, but with still more pride you can point to your splendid schools and school buildings, which are a greater asset than factories because in them you develop your citizenship."

PROF. J. H. LOWRY'S SINGING SCHOOL IN NORTH ADA CLOSES

Prof. J. H. Lowry who has taught singing schools all over Pontotoc county with great success and entire satisfaction, closed his school, which he has been teaching at the Baptist church in North Ada for the last ten days, with an entertainment last Friday night, which bespoke his ability as an instructor and reflected great credit upon his pupils. His class consisted of something like 75 pupils, among them about forty little boys and girls. The closing entertainment was a success in every way, especially the singing of the little folks. A number of songs sung by the little ones were led by some of their number. In addition to the excellent way in which the little folks sang, Prof. Lowry gave an exhibition of their acquaintance with the technical knowledge of music acquired under his teaching which was wonderful.

Short addresses were delivered by Rev. L. W. Wright, from Mill Creek, and Mr. Leslie Maxey, which were very appropriate and well taken by the audience which filled the house to its fullest capacity. Prof. Lowry is to be congratulated on the success of this school and his pupils, and especially the little ones, deserved great credit for the progress made by them.

"DANTES INFERNO" IN BOSTON

A Two-Weeks' Engagement at the Grand Opera House.

A moving picture entertainment at high prices in one of the largest theatres of Boston, attended with such success, that the engagement had to be extended for two weeks, is pleasing news for the friends of quality.

Messrs. Feigery & Place, controlling the state rights for Massachusetts, presented the Inferno in a manner befitting the literary and intellectual center of the country and were rewarded with a well pronounced success, business having increased rapidly from day to day.

The performance was given under the direction of W. Stephen Bush, who also delivered the lecture. Some of the best-known newspaper critics of Boston characterized the production and the method of presenting it as a revelation in moving pictures and gave it more space than any moving picture entertainment had ever had in the press of Boston or anywhere else. Arrangements for an early return engagement were made in the middle of the first week of its stay at the Grand Opera House.

CONVENTION IN FULL SWAY

ENTHUSIASTIC OPENING OF OKLAHOMA CHRISTIAN MISSIONARY CONVENTION.

With the incoming trains today today the delegates began to arrive in squads. It was an enthusiastic and good-natured crowd, and they were met by equally as enthusiastic delegation from the First Christian church with automobiles and carriages in which they were conveyed to the church for assignment to the homes that have been opened to receive them.

G. W. MCQUIDDY,
President of the Convention.

Various committees have been selected, including reception, information, assignment, registration, pages, postoffice, etc., and the delegates are in charge of these. The morning trains brought in more than fifty. Prominent among them were G. W. McQuiddy, president; D. A. Wickizer, state corresponding secretary; Mrs. D. A. Wickizer, president C. W. B. M.; Miss Alma Moore, state secretary C. W. B. M.; H. S. Gilliam, state Bible School superintendent.

W. E. M. Hackleman, of Indianapolis, Ind., who has in charge the music of the convention, arrived Sunday and conducted the music at the church last evening. Mr. Hackleman is an expert in his line. The choir platform has been arranged to get the best musical effect, and something fine in the musical line will be given. He has on display an assortment of song books and other church paraphernalia which is well worth seeing. Also in the display department is to be found a large assortment of Bibles, lesson helps, and Bible school aids of every description. Everything that the modern Bible School worker needs he has on display. He is a good-natured, sunny man and a visit with him will help.

The C. W. B. M., who are having prominent place on the program, also have a display of their work which

stimulates the woman in the church. The convention in Ada means a rare opportunity to come in touch with some of the vital interests of the church. It is a "cream eating opportunity." The man who can sit under the influence of such yearly gatherings and not have his visions enlarged is a dead one.

The afternoon was filled with devotional and conferences covering the work of the C. W. B. M., Mrs. J. C. Howell, of Hartshorne, led in the devotional exercises.

Winning and holding members occupied a large place on the program in discussions. A new standard of service for the State C. W. B. M. work was presented by the president of state work and was unanimously adopted.

Mrs. Martha Y. Reed, of Norman, conducted a prayer service in behalf of the convention.

SHOWING ONLY THE VERY CREAM OF THE LICENSED PICTURES

TO-NIGHT! The Coming of Columbus IN THREE PARTS

The vital events in the life and discoveries of Christopher Columbus, who gave a new world to civilization, are reproduced with historic exactness in vivid, all entrancing scenes. In these remarkable pictures Columbus and his followers live, and breathe and move. The Columbus of these wonderful pictures is alive. It is as if a camera had gone back, by some occult power, to the long forgotten ages and there had visualized scenes forever departed. Knowing how closely the original has been adhered to, the film becomes endowed immediately with an utmost personal romance. Its realism is at times so strong that one can fancy oneself actually on board the flagship hugging with the anxious, care-worn admiral for a first glimpse of the wonderful, new continent, which was destined to render his own name famous forever and to open up to those who followed him an almost inexhaustible source of riches and delight. Mr. Selig spent a fortune to make this magnificent production. He sent a committee of scholars to Spain. Here they spent months gathering data. They secured the original log-book of Columbus and the personal memories of Diego, Columbus' son. From these authentic sources of information, and aided by the Spanish Government, Mr. Selig was able to build this picture in exact counterpart of the real events. Duplicates of the three vessels in which Columbus sailed his companions sailed. These three caravels are the identical ones that were presented by the Spanish nation to the American people. The magnificent dresses are to the period, and the solid scenery gives an impression of reality that has never been equaled.

The first show starts at 8 o'clock sharp, and will continue until 12 p. m.

G. H. Angelly and widowed daughter, Mrs. Cassie Cochran, arrived from Cotton Plant, Arkansas, this morning. Mrs. Cochran will probably make her home with her parents. Mr. Angelly reports that he not only went fishing while in Arkansas, but caught a whole string and never ate as much in his life.

ACTIVITY AT THE

ADA OIL WELL

The oil well is now a scene of renewed activity and will continue so until it is ascertained whether oil and gas are to be found there in paying quantities. A shortage of water has been one cause of delay, and yesterday a big pump, ordered by wire, was put into place and no more trouble from that source is expected. It is thought that the last point of casing will soon be recovered and drilling operations resumed in good earnest.

MRS. R. N. SHANDS NOT EXPECTED TO LIVE

For the past two weeks Mrs. R. N. Shands has been ill at a Dallas sanitarium, and this morning a messenger came stating that her condition was very critical, and she had little chance for recovery. Her mother, Mrs. M. T. Stevenson, and daughter, Miss Abney Shands, left on the south-bound Frisco to be at her bedside.

REV. RAYBURN PREACHES FAREWELL SERMON

Sunday evening Rev. James Rayburn preached his farewell sermon to his congregation, and announced that in a short time he would move to another field of labor.

For the past year he has been pastor of the First Presbyterian church, and has made many friends who deeply regret to see him leave Ada. He is an eloquent preacher and a man of strong personality and high character. The News wishes him well wherever his lot may be cast.

More Rooms Needed.

More rooms are needed to entertain the delegates to the church convention now being held in Ada. If you have a room with a spare bed kindly phone your name and house number to Miss Maud Brents at the First Christian church, or to L. Wymore, at his residence.

SUPREME COURT REFUSES REHEARING IN TAX CASE

Washington, June 10.—The Supreme Court entered an order refusing the application of Attorney-General West, of Oklahoma, for a rehearing in the Indian tax case involving the exemption from taxation certain extensive Indian lands. This leaves the court decision final.

The DeSota offers its patrons an evening of laughter and a general good time. "A Week of Anguish" is anything but anguish for the spectators. It's a laugh from start to finish. "Jimmie, the Bold Buccaneer," tells of the wonderful adventure of a bold (?) pirate along the African coast, and is a fine take-off. If you need a real good tonic, laugh is the best possible, and the DeSota is the place to get it.

During the Christian church convention Judge and Mrs. C. A. Galbraith will entertain Congressman Dick Morgan and wife and Rev. J. H. O. Smith and wife, of Oklahoma City.
